CENTRAL OFFICE SERVICES

HIGH SPEED DATA-ONLY SUBSCRIBER SERVICE

A. DESCRIPTION

1. Data-Only Subscriber Service is an optional service providing transmission services over local exchange facilities that can be used for data communications. Service is provided, where available, between customer designated premises and designated Telephone Company Central Offices. Data-only Subscriber Service uses proprietary equipment to provide high-speed digital access. The equipment consists of a proprietary concentrator acting as a Digital Subscriber Line Access Multiplexer (DSLAM) located in the Central Office, and the corresponding remote converter acting as a "modem", located at the customer's premises.

B. REGULATIONS

1. If it is determined that Data-Only Subscriber Service is subject to federal jurisdiction, its terms, conditions, rate, and charges will be subject to a Federal Communications Commission (FCC) tariff filing.
2. The Up Speed and Down Speed, as specified in C. following, are from the Customer's premises to the Company's Central Office converter equipment (modem) and the speeds listed are maximum, actual best-effort speeds may be less than the stated speed.
3. This service may not be resold, or partitioned for resale, by subscribers to other subscribers.
4. This service is made available only where existing Central Office facilities have the appropriate equipment, and where Outside Plant capabilities support the Service's intended bandwidth. The Company will make final determinations of the availability of adequate capabilities and facilities for this service.
5. The provision of Data-Only Subscriber Service may be withdrawn on 30 days notice.

C. RATES AND CHARGES

1. The minimum service period for this service is three months.
2. If the customer requires an adapter that includes a router, hub, firewall, or other devices, or software they may purchase it from any third party PC provider.
3. If the customer requires any special inside wiring, they may contract with Amherst Telephone Company, or any third party provider of customer-owned inside wiring solutions.
4. Monthly charges are for the circuit and Central Office termination. Monthly charges do not include Network Interface Cards (NIC), associated hardware or software.
5. Nonrecurring charges are for the service order and customer premises visit. They do not include any customer premises wiring charges beyond the Company's Network Interface (NI) to the customer.
